# Integrate SCiNiTO Into Your Research Workflow

Whether you're completing coursework, writing a thesis, or preparing a journal submission, SCiNiTO is designed to save you time and sharpen your research. We encourage every student and researcher at our institution to explore the platform and make it part of their daily practice.

## For Students

Speed up literature reviews, understand complex papers with AI explanations, and organize sources for assignments and theses — all in one place.

## For Researchers

Identify research gaps, compare methodologies across studies, and receive detailed AI feedback on your manuscript before journal submission.

## For Faculty

Stay current in your field with AI-curated insights, collaborate with your research team using shared research spaces, and streamline the publication process.
